The American Cyan Manufacturing Company's new lithograph plant is almost completed. It will be much larger than the old one and equipped with all the latest improvements.

The statement which gained considerable publicity that there was a case of smallpox in Mrs. Lamley's lodging house over P. A. Stokes' store has been examined into by the health authorities and pronounced a mistake.

H. C. Weber, who is the manager of Rosenblatt & Co. clothing establishment in Portland, and W. S. Spencer, deputy supreme regent of the Royal Arcanum, for the State of Oregon, were in Astoria Sunday and called on the Astorian.

Just arrived, at Svenson's Book Store a large line of new books. We invite your inspection. A line of sheet music will be closed out at 3 cents a copy. Make your selection before they are disposed of.

On demurrer of J. Q. A. Bowly for H. R. Parker in the United States circuit court in Portland yesterday, Judge Bellinger decided in the case of U. S. S. & S. Association of St. Paul vs. Parker, that Parker had paid enough and so dismissed the bill. This asso-

ciation receipt went to the hands of a receiver.

Couches—We carry the largest and best selected stock in the city. The line includes both smooth and tufted couches, which we are offering at lower prices than other dealers. Charles Heilborn & Son.

The excursion run by the A. & C. railroad for the Woodmen of the World brought down about 500 last Sunday. On account of the bad weather during the week it was not determined to run the excursion until Friday, but notwithstanding this fact a large crowd came. The next excursion will be run May 25.

The North Pacific Brewery Company has enlarged its bottling plant. The proprietor, Mr. Kopp, has been away for the past week, visiting his patrons in Southern Oregon. He arrived down Sunday night and reports everything prosperous in Marshfield, Myrtle Point and the many other towns that he visited.

The Astoria Box Company is building a new mess house where the men of its employ who have no families may get their board at a reasonable figure and conveniently near the place of their work. The table will seat 75 persons, and through this summer they expect to have every place occupied. They have replaced their old hand saw, with one of the latest.

Speaking of the numerous good things on the program rendered at the Port Orchard school last Friday evening, the Tribune says of Mrs. J. T. Ross, of this city, who assisted in the entertainment: "Among the numbers on Friday evening were vocal selections by Mrs. J. T. Ross, of Astoria, her beautiful voice thrilled and delighted her hearers."

John Mienen, who was found dead in his bed Sunday morning, was a native of Germany and 47 years old. He was unmarried. He had lived in this county for nearly 20 years and was well liked by everybody. His death was probably from internal hemorrhage. His funeral which is to be under the auspices of the local order of the Sons of Herman, will take place from Pohl's undertaking parlors, Wednesday, at 1:30 o'clock p. m. The interment will take place at Greenwood.

Astoria Aerie No. 17, Fraternal Order of Eagles, celebrated their 3rd anniversary last Sunday by giving a big banquet and social. Previous to the social ten candidates were initiated, bringing the membership of the aerie to over 200 members. After the regular business, all sat down to an elegant spread, arranged by the social committee, Member Gebler acting as toast master. The Eagle Band rendered some beautiful selections. Addresses were made by different members and a general good time was had. It was one of the Eagles' typical successes.

Rev. Carl D. Thompson, of Elgin, Ill., delivered an address in the hall of Fishers' opera house last evening on the subject of "Socialism; what it is, and why we urge it." There were a great number present who are not members of the local club, many of whom were ladies, and they gave Mr. Thompson's address a careful hearing. His manner as a speaker is impressive. He speaks in a plain matter of fact way, at times growing very eloquent. Those who were present credit him with being an able exponent of the cause which he represents. He will deliver another address this evening at 8 o'clock at the same place.

Mr. D. J. Malarky was in the city yesterday and reports the Universal Sash & Door Factory at Smith's Point nearing completion. He expects the factory to be running full blast within 20 days and will soon begin to run night and day. At least 40 men will be employed in the beginning and this force will be increased as the work demands it. The factory will be run exclusively for the wholesale trade and manufacture doors, sash and mouldings exclusively and expects to ship a car-load a day. The company will also move a sawmill which it owns at Mayers to its sight at Smiths Point. This will be used in sawing their own material. One of the greatest difficulties in the way at present, says Mr. Malarky, is the scarcity of resident houses in the city. Several families will come at an early date but so far they have been unable to secure houses to live in. He says that house-owners having vacant houses will do well to advertise them or address the company. He says that it is the purpose of a number of the men to live in Astoria and ride out on wheels, and that if the proper authorities would look after the improvement of a gap in the road leading to that section it would be of great benefit to that point and also be of benefit to property owners in the main part of the city.

The Chamber of Commerce meeting last evening was not largely attended but considerable interest in the work of the body was manifested by the members present. The matter of establishing an advertising fund was discussed but no conclusion was reached in the matter. Mr. Gratke thought that property owners might donate lots to be sold for the purpose, but sales of lots given in the past have proved unsatisfactory. Mr. Welsh made a proposition to give a site for the proposed pavilion to be used as a public meeting place, title to remain in the possession of the builders of the pavilion as long as they should maintain it. A resolution was passed en-

dorsing the passage of the bill now before the United States senate, a copy of which will be sent to Oregon and Washington United States senators and congressmen. A letter was received from the Basin Board of Trade inquiring the wants of Astoria; these will be sent up in a concise statement and this will be sent to other towns and given publicity generally. The Portland Board of Trade made request for the name of an Astorian to join in the incorporation of a company to buy out an old company and organize a new one to build the portage road near The Dalles. The name of E. W. Tallant was submitted. The subscription was renewed to the New York Daily Commercial for another year, and several small bills were ordered paid.

CLERKS ENTERTAIN MERCHANTS
A Great Evening and One Conducive of Much Good.

It was not "the boys" and the "old man" last night, but it was the meeting of the "boys." The "old man" took a night off, and he was the jolliest boy of them all.

The clerks entertained the merchants at Page's Hall. It was not a case where the counter of the railing of the office separated them, but an occasion upon which they mingled together in such good fellowship that a stranger could not have told merchant from clerk. He might have mistaken the merchants for the clerks, for if there was any difference in the manifestation of good nature and an enjoyment of the evening it was on the merchants' side.

It was rather a departure in the way of entertainments. When they come to think about it, few remembered when clerks had entertained the merchants. But the clerks have caught the cue from their enterprising employers, and like the local merchants are more enterprising than most business men.

The meeting was a valuable one. It brought them together in a different way. Business was laid aside and they put in the evening socially. The meeting will have a tendency to create a stronger bond of feeling and friendship between them.

Besides an excellent impromptu program and lunch, and cigars and refreshments there were several timely addresses delivered. The merchants spoke right out. They agreed that the old way of keeping the store open from daylight until the late hour at night in the olden times was as much out of place as many of the old ideas. They said they got more out of the short-hour system than any one else. Under the natural strain of business through the day no one appreciated an early home-going and the family circle better than the merchant.

The speeches were good and to the point, such as business men make. Refreshments were plentiful and to spare. It was such a good time that the merchants decided to reciprocate. They are going to give the clerks a grand ball at an early date.

Music was furnished by the Regal Mandolin Club. The program rendered on the occasion follows:
Selection Orchestra
Recitation Frank Meaney
Vocal solo Mr. Brewer
Reading A. Dalgity
Music Orchestra
Piano solo Mr. Brewer
And then the feast and the social good time.

HOW CHEAP BAKING POWDER IS MADE
The Health Department of New York has seized a quantity of so-called cheap baking powder, which it found in that city. Attention was attracted to it by the low price at which it was being sold in the department stores. Samples were taken and the chemist of the Health Department reported the stuff to be "an alum powder," which analysis showed to be composed chiefly of alum and pulverized rock. The powder was declared to be dangerous to health, and several thousand pounds were carted to the offal dock and destroyed.

It is unsafe to experiment with these so-called "cheap" articles of food. They are sure to be made from alum, rock, or other injurious matter. In baking powders, the high class, cream of tartar brands are the most economical, because they go farther in use and are healthful beyond question.

FUNERAL NOTICE
Funeral of the late John Meinen will take place Wednesday, May 7, at 1:30, from Pohl's undertaking parlors, under the auspices of Teutonia lodge, No. 5, O. D. H. S., and the interment will be at Greenwood cemetery. The public cordially invited.

FOUND AT LAST.
After hunting everywhere for days and weeks, the cheapest place in Astoria to trade. A great many buyers have found just what they wanted in Dry Goods, Ladies and Gents Furnishings, Clothing, Shoes and Millinery.

Our system of doing business does not in any manner touch high profits, and the more we sell the cheaper you can buy.

We are selling cheaper because we are selling more, and it is to your personal interest to patronize a store that seeks your patronage on a broad basis of fair play.

The prices prove and the wear convinces that this is the place to trade.

You are welcome, either to look or to buy.

FOR YOUR WELFARE

You Are Urged to Make Health Building Your First Work This Month.

Paine's Celery Compound

Puts You in Condition to Withstand the Enervating Effects of a Hot Summer.

If you are ailing, sick or diseased, it is our earnest desire to interest you in your own personal welfare. We try to do this simply by urging you to make health-building your first work this month, as efforts to banish disease are much more difficult when, in addition to physical sufferings, you are obliged to contend with the enervating effects of a hot summer. Medical men know well that a sick person when treated with the proper medicine in May, has a much better chance for life and health than is possible in July or August.

The incalculable amount of good that Paine's Celery Compound is now doing in making sick people well should compel the attention of every thinking man and woman now in sickness and suffering.

Faulty nutrition of the nervous system is the direct cause of nervous debility, headaches, dyspepsia, and neuralgia—ailments that thousands are now suffering from. When people have blood that is pale, watery and full of impurities, their nerves cannot assimilate their food properly and derive nourishment from it.

Paine's Celery Compound used in May, cleanses the blood, bestows greater nerve force, regulates the stomach and bowels, arouses a healthy appetite, and brings about a normal action of the dormant liver. Paine's Celery Compound in every case gives a positive and permanent cure. It is the most thoroughly honest medicine that runs down and sickly men and women can employ. Its life-giving effect on nerves and blood is truly marvelous.
